

UCDAVIS

Department of Chemistry

SPECIAL

SEMINAR

Tuesday, February 19, 2013

11am-12Noon

172 Chemistry

Graduates of Peking University, Dept. of Chemistry. Graduates of
Beijing Institute of Technology, Dept. of Chemical Engineering.
Both a Master of Science Degree in Engineering, Institute of
Photographic Chemistry, Ph.D., China

Host: Gang-yu Liu

Refreshments will be provided

Dr. Yi Li

“Novel Fluorescent Probes for Fluoride Anion and Temperature”

Dr. Guoqiang Yang

“Photofunctional Dendrimers-Merging the Architecture and the Energy Conversion”
